Mini European Cards (Backs)

Timing and Clarifications

- Play at any time an office is being hired.
- You may not use this appointing a Commander as it is not an office.
- You may not use this when electing a Chairman as it is an election, not hiring.

Timing and Clarifications

- Use at the start of my turn during the final step of the London Season.
- You may peek at blackmails in the display.
- This card does not stop you from gaining a card through your own retirements or from other copies of this card.
- Becky Sharp's power only applies to the family that holds her.

Timing and Clarifications

- Play at any time an office is being hired.
- You may not use this appointing a Commander as it is not an office.
- You may not use this when electing a Chairman as it is an election, not hiring.

Timing and Clarifications

- Play after a law and policy are proposed but before any votes are cast.
- You may use the Prime Minister's enterprises to vote against the proposed law.
- You may choose to not let these votes be used by anyone.

Timing and Clarifications

- Use during the Company phase after an office has acted. You cannot take a share of loot with this card.
- If a governor was removed because of a catastrophic failure, you cannot take any bonus that office might have made this turn.

Timing and Clarifications

- Play at any time *e.g. you may cash this in to prevent a player from paying for upkeep on a prize!*
- If you prevent a player from purchasing something during their turn in the Family phase, they may undo their action and take another.
