Major Errata

1.2 Central Play Area Setup, Page 13.
There is a missing **(1P)** solo play instruction in the **(C) SIDEBOARD SETUP** section. After the **a.** setup step, there should be:

> **b.** **(1P)** Fill Higbee's with 2 SC servants of each type.

2.6 Courtship & End of Season, Page 23.
There is a missing **(1P) (C)** solo play instruction in the **ORDER OF PLAY (END OF SEASON)** section. There should be an upkeep step as follows:

> **2.5.** **(1P) (C)** Add the top 2 cards from the objective deck to Reverend Grantly's pile, face up.

***Note**: This ensures there are enough objectives to choose from when enjoying the reverend's favours.*

5.3 Solo Estate Challenge Variant, Page 60.
There is an error in the **GAME END & SCORING** section (bullet points 2 and 3). The correct rules are:

- If you complete your tableau before the target round, you get a **bonus**. Score **5 VP** if you finish 1 round early. Score **15 VP** (5 + 10) if you finish 2 rounds early. The incremental round bonus increases by 5 VP for every round you finish early. For example, if you finish 4 rounds early, your bonus is **50 VP** (+5 +10 +15 +20 = 50).
- If you complete your tableau after the target round, you get a **penalty**. Lose **5 VP** if you finish 1 round late. Lose **15 VP** if you finish 2 rounds late. The incremental round penalty increases by **5 VP** for every round you finish late. For example, if you finish 4 rounds late, you lose **50 VP** (–5 –10 –15 –20= –50).

Minor Errata

3.2 Servants, Page 32.
There is a missing word in the **Favourable Impression** section (the word is highlighted in red below):

- **Favourable Impression**: When hosting an activity, you may place your hall boy on a positive money favour on a gentry card you played to gain an extra £100. (You may not do this on an improvement tile.)

Minor Errata, continued

Appendix B: Gentry Cards, Page 85.
An incorrect title is used in the **(U) LADY MARY SHELTON** entry. It should read (the correct address is highlighted in red below):

> **Note:** Cannot be used in the Queen's Suite. When drawn into the Lionheart Suite, Lady Mary refuses to stay. Return her to the bottom of the prestige guest deck and redraw.

Appendix C: Improvement Tiles, Page 88.
There is a missing End Game rule in the **Business Room** entry (missing rule highlighted in red below):

> **End of game**: Worth 1 VP. Money on the tile at game end is scored normally (it does not have to be removed).

***Player Aid Note**: Due to the change in default market churn at the start of each new season (see Designer's Note on **2.6 Courtship & End of Season, Page 23**), the Seasonal Flowchart player aid in the base game is incomplete as it does not reference the market refresh. **Recommended**: Use the **ORDER OF PLAY (END OF SEASON), Page 23** going forward.*
